

ANSH KUMAR

B.Tech Computer Science, GH Rasoni College of Engineering and Management, Nagpur

Expected Graduation: 2027

GitHub: github.com/anshk0001 | LinkedIn: linkedin.com/in/anshkumar7606

CAREER OBJECTIVE

Aspiring software engineer targeting SDE roles by June 2027, open to product-based companies, service-based companies, and startups.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML, CSS, SQL

Frameworks: Django, React, Spring Boot, Express.js

Databases: MSSQL, PostgreSQL

Tools: Git, GitHub, Prisma, ChromaDB

PROJECTS

MediFlow - Hospital Management System

A full-stack Hospital Management System built with Node.js, Express, Prisma ORM, and MSSQL. Supports patient records, appointment scheduling, and staff management with role-based access control.

Note Canvas

A Django-based note-taking web application supporting rich text notes, tagging, and search functionality.

To-Do List Web App

A multi-user to-do list application built with HTML, CSS, and vanilla JavaScript, featuring per-user login and persistent task storage.

COURSEWORK

Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks.

CAREER ROADMAP

Following a four-phase placement preparation roadmap from July 2026 to June 2027 covering DSA foundations, full-stack skill building with Django and React, Java-specific interview preparation and system design, and final placement season.
